it's september 1961 freshman joe murphy is just starting premed studies at loyola's lake shore campus in chicago there's a lot on his mind besides biology and chemistry he has to make friends fit in and survive a long daily commute on public transportation this humorous memoir tracks the author for three decades through college dating marriage kids and an eclectic writing career that starts with the sears catalog next he tries his luck at writing classroom films and junk mail before landing in an advertising agency the work is stressful the hours long and the egos colossal but the ad biz is fun and luckily joe has the staunch support of a wife who believes in him the young couple and their two toddlers move to the south where joe compiles a reel of tv commercials that gets him a job back in chicago finally he's writing tv spots for national accounts a dream come true not quite five years later he hits the freelance trail a route that leads to some bizarre assignments quirky clients and baffling surprises looking back was all his dreaming scheming and striving worth it one spirited episode after another will keep you guessing and laughing

a delightfully off kilter rachel yoder nightbitch tale of a grumpy introverted entomologist her astonishing lack of social skills and her empirical data driven approach to people and relationships that's half a man called ove half the rosie project a warm winning debut from a talented new midwestern voice j ryan stradal new york times bestselling author of kitchens of the great midwest is there such a thing as an anti social butterfly an entomologist greta far prefers the company of bugs to humans and that's okay because people don't seem to like her all that much anyway with the exception of her twin brother danny so when she lands a research gig in the rainforest she leaves it all behind but when greta learns that danny has suffered an aneurysm and is now hospitalized she abandons her research and hurries home to ames iowa to be there for her brother but there's only so much she can do and unfortunately just like insects humans don't stay cooped up in their hives either they buzz about and socialize being back home is making a mess of greta's perfectly catalogued and compartmentalized world it means confronting all that she left behind including her lousy soon to be sister in law her estranged mother and her ex boyfriend brandon who has conveniently found a new partner with shiny hair perfect teeth and actually remembers the names of the people she meets plus brandon runs the only butterfly conservatory in town and with greta's dissertation is now

in jeopardy she's got to get a job she'll have to ask herself if she has the courage to open up for the people she loves and for those who want to love her the butterfly effect is an unconventional tale of self discovery navigating relationships and how sometimes it takes stepping outside of our comfort zone to find what we need the most
